

December 18, 2020

Dear Burlington Conservative Association Members & Supporters,

Back in November 2015 Justin Trudeau became the Prime Minister of Canada. Since then, we've seen the Trudeau Liberals:

- unable to balance the budget (as you guessed, the budget did not balance itself)
- with their broken promise of short-term deficits of less than \$10 Billion in 2016/2017 (that are now just a fraction of the massive national debt accumulated since Trudeau took office)
- not act to protect Canadians from the influence and intimidation by the Chinese Communist Party
- introduce their plan to triple the Carbon Tax

I'm sure you will agree we're far from where we all expected to be in 2020. Now we've had to deal with the pandemic on top of this unbelievable mismanagement of our great country at the hands of Trudeau's Liberal Party.

On Saturday December 5<sup>th</sup>, the Burlington Conservative Association (BCA) held our first virtual Annual General Meeting and following an online vote elected the Board of Directors. Your BCA board is a dynamic group of women and men from diverse backgrounds with experience across various sectors & industries such as: healthcare, federal & provincial government, technology, financial, not-for-profit and education just to name a few. This coming March 2021 will be the first virtual national Conservative Policy Convention in preparation for the next federal election.

To help Burlington return to its strong Conservative roots, we are asking for your financial support for our local Burlington Conservative Association. With the leadership of Erin O'Toole and an incredible growth in our national conservative membership numbers, we're setting the stage for a win in the next federal election. We are also seeking motivated and talented individuals to step forward as potential candidates in the next election. The sooner we can organize, the better prepared we will be to defeat the Liberals.
